iCAT 2014

The conference continues a tradition of meetings organized by the RAPIMAN network since 2004. Started as an international initiative of members from the Universities of Maribor, Cluj-Napoca and Loughborough in 2004 Rapid Prototyping and Innovative Manufacturing Network - RAPIMAN had proven its importance, serving as a commercial and educational platform for Additive Manufacturing and 3D printing.

www.rapiman.net

The conference is an interdisciplinary event, mainly aimed at applicable solutions in Additive Manufacturing. These include technical and biomedical solutions of practical problems with the only objective; using new technology to simplify traditional approaches or to invent new solutions.

In 2013 the conference will be co-organized by the Association for Supporting Automation and Robotics (Verein zur Förderung der Automation und Robotik – F-AR) and will be held on October 16th-17th, in Vienna.

Since the 2nd iCAT the conference attracts many medical personnel and has become one of the important educational events for medical doctors wishing to broaden their knowledge and introduce AM into their surgical practice.

The conference is supported by many international initiatives ranging from GARPA – Global Alliance of Rapid Prototyping Associations to technological platforms at EC. The conference has also been supported by Wohlers Associates, with Terry Wohlers being the keynote speaker in all the conferences.

The conference has been accompanied by several events:

- Exhibition of Additive Manufacturing devices by their producers (3D printers and High End AM systems)
- Exhibition of designers' products made by AM
- Workshops

Contribution at the conference also entitles the delegates and especially exhibitors and sponsors to benefits of a RAPIMAN membership ranging from the use of a KARMA evaluation tool to a broad band of networking and dissemination services.

Sponsor factsheet

5TH INTERNATIONAL CONFERENCE ON ADDITIVE TECHNOLOGIES

The conference is a 2 day event very well established in the field of research and application of Additive Manufacturing and 3D printing in industrial and medical fields.

When: October 16th-17th, 2014

Where: Vienna, Austria, Mercure Hotel Westbahnhof (Felberstraße 4, 1150 Vienna)

Website: www.icat.rapiman.net

Expected attendees: around 200

PROGRAM

Two days of conference, with additional gala dinner and social event. The conference will have sessions and keynote speakers. Topics will cover the following research and industrial fields:

- Additive Manufacturing and Rapid Tooling,
- Art & Design - expanding creativity with Additive Technologies,
- Cooperation between Engineers and Medical Doctors.
- Materials for Additive Technologies,
- Quality Control for Additive Technologies,
- CAD and Innovative Simulation Methods,
- Customer Input Systems and Mass Customisation,
- Case Studies and Best Practice Examples,
- Education for Additive Technologies,

WHY SPONSORING THIS EVENT?

By sponsoring the iCAT 2014 conference, a company gains visibility and networking possibilities, by the services provided by RAPIMAN and F-AR networks.

SPONSORSHIP PACKAGES

Different sponsorship packages have been tailored to fulfill different needs of sponsoring companies. However, there is also the possibility of customized sponsorship packages.

ORGANISATION

Detailed information about the packages, networking capacity and organisational aspects of iCAT 2014 can be reached through our web page, www.icat.rapiman.net and via the contact e-mail: icat@rapiman.net.

Sponsorship packages

	EXCLUSIVE	PREMIUM	GOLD	SILVER
Tickets for attendees	5	3	2	1
Banner in the hall	Shared Banner	Shared Banner	Shared Banner	-
Logo on the conference flyer	Yes	Yes	Yes	-
Logo on the main page of the website	Yes	-	-	-
Logo on the sponsor page of the website	Yes	Yes	Yes	Yes

Use of RAPIMAN's mailing list	Promotional paper sent to all members	Logo in a newsletter with recent achievements	Logo	
Use of KARMA STL evaluation tool (web based)	Premium	Advanced	Basic	Basic
Fee	EUR 5000	EUR 3000	EUR 2500	EUR 1800

OTHER SPONSORSHIPS:

GIVE AWAY FOR EUR 750,-

- 1 Promo "Give away" item in the welcome bag
- Program book print ad listed
- Only 10 packages of this kind available

INDIVIDUAL SPONSORSHIP OPTION:

- Name on the website in the individual sponsors area with 1 link and a logo for EUR 200,-
- Name on the website in the individual sponsors area with 1 link for EUR 100,-

SPECIAL SPONSORSHIP OPTIONS INCLUDE:

- Invited speakers' sponsor
- Gala Dinner and Lunch sponsor
- Social event sponsor

All sponsorship packages include a 2 year membership in the RAPIMAN network with the full functionality of its capabilities and an exhibition space at the event. All website promotions will be displayed in the main web page (www.icat.rapiman.net) and in the web page of F-AR (<http://www.f-ar.at>).

Please let us know your ideas and wishes and we will find a way to a mutual benefit.
